

## DARK CLOUDS COMING (ENGLISH)

**From Todd Aaron (@seeworldtruth):**

God certainly is not allowing me to sleep, he's allowing physical afflictions and has said "great hardships and suffering is coming" I'm telling you right now, if you're comfortable in this life, if you are focused on preserving your life, health, and prosperity you will not make it. If you are focused on building, goals, dreams, shopping, future plans, you will not make it. I'm telling you now, there is a massive deception coming, so immense that millions and millions even some reading this now will fall victim to. I am warning now, many are going to stand by out of fear and conform blindly. You who sit secure and comfortable now, a time is coming where you will not be able to. Dangerous

times lie ahead, great deception, with all signs and wonders, miracles like people have never seen, God is allowing it to be this way to worship the beast. Clearly it will be discerned to those who are dead to this life and starving for his righteousness, thirsty for his presence. Those who are lazy and complacent will be deceived. Those who trust in knowledge and gather together with those a type of social group will not make it. Those who drift along in society believing to be safe and secure in salvation with no desperation, will be deceived. In later times what I'm prophesying will come true when you stand by and watch the true believers being labeled, mistreated, and persecuted. While the massive deception coming to the false church and people worldwide will be blindsided by what is to come. I see all religions, people that even sit now and hear the words I speak but do not do them. They treat God as a safety net, a security but don't trust in the salvation he gives. They are programmed to just say in their heart "I believe" but the effort they put in is society's social programming. The true remnant is shut in the closet, they are already being set apart to walk alone, and out of the spiritual sight of the blind who profess to believe, will not see who they are. Deception is coming, massive deception. Messianics, Jews, Christians, millions of people, for they sought not the truth THAT COULD SAVE THEM, but rather knowledge of the truth. Great blindness & storms are rising.
